

A45 – London Road, Daventry – Pre-surface dressing patching

Please look out for advanced warning signs and details of vehicle Towaway.

Start of works – Monday 14 March **Completion** – Tuesday 15 March (Weather permitting)

Traffic management - Road closure and diversion **Hours of work** – 09:30 – 15:30

What we are doing/the benefits – Surface Dressing is a cost effective road surface treatment used to prolong the life of roads that are starting to show the first signs of minor deterioration.

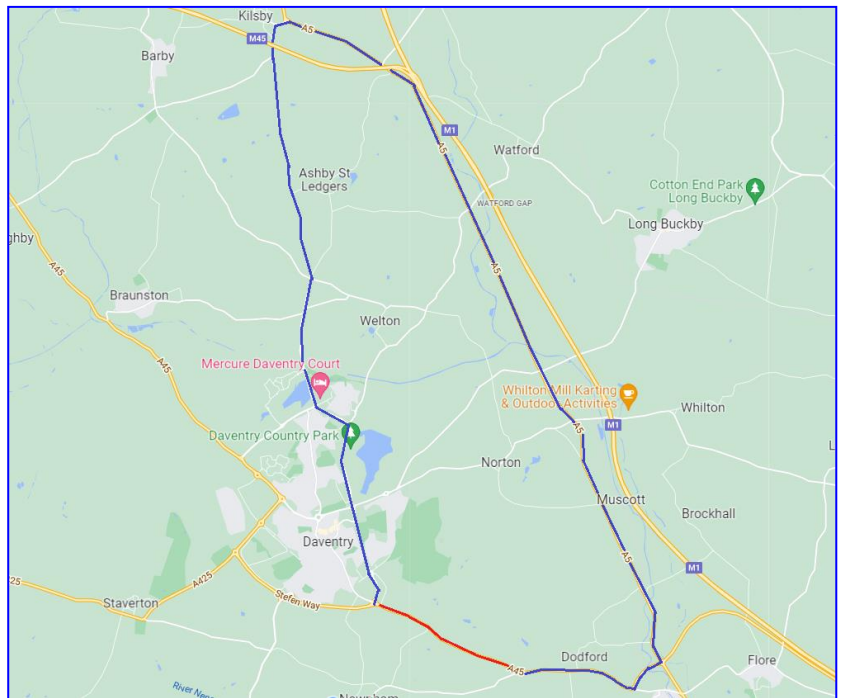

It extends the life of the road surface, increases skid resistance and seals the surface to stop water ingress, protecting it from damage caused by severe winter weather, such as potholes. Prior to surface dressing, carriageway patching will be undertaken to address any minor issues to prepare the road for the dressing which will take place in the summer.

Traffic Management

To ensure the health and safety of the workforce and the public the works will be carried out under a road closure. A diversion will be in place at all times as shown on the map below. The **red line** shows the road closure and the **blue line** shows the diversion.

When programming repair works we consider the impact on all road users and plan our works to minimise disruption.

We do understand that the closure will be inconvenient but works can only be completed safely and efficiently with this in place. We hope any inconvenience will be tolerated for the duration of the works.

Towaway – moving vehicles parked in our workspace.

We have been working with the local authority and have agreed that parked vehicles that are preventing or hindering the works taking place, may be relocated to an adjacent street.

An approved contractor will carry this out and vehicles will be moved to a nearby street. Please look out for the signs as shown on the right. These signs will be located on your street detailing the closure dates. We ask that you park away from our works area during these times. Your assistance and cooperation is very much appreciated and this really helps us to complete the works to a high standard and efficiently.

We understand that it may not be possible to move your vehicle at this time. If this is the case, please contact the Site Manager (details below) to discuss how we can help. If your vehicle is towed away, please call 01908 610568 and select

Option 1 for details on where it has been relocated to. We will also provide surface dressing information and updates at kierwsp.co.uk/news

Please look out for advanced warning signs and details of vehicle Towaway.

Access: The works are carried out under a full road closure for safety. Pedestrian access to your property/business will be provided during the works.

Public transport: during the closure, should your bus route be affected, you can find detailed arrangements during the works by visiting www.stagecoachbus.com/service-updates

Stagecoach Midlands Head Office operates from 08:30 to 17:00, Monday to Friday.

Twitter: @StagecoachMids

Email: midlands.enquiries@stagecoachbus.com

Emergency services: we will maintain access and be able to hold traffic, when required, to allow emergency vehicles through the traffic management.

Our Commitment to You

Northamptonshire Highways is committed to the consistent improvement of the places and spaces in Northamptonshire and to working closely with local communities, residents and businesses to build a better County.

We promise to

- Keep the public informed of our programme and any changes
- Minimise disruption
- Co-ordinate with other road works

Contacting us

To ensure any enquiries are dealt with correctly and to report defects please use our online Street Doctor service. This process ensures issues are recorded and dealt with appropriately. Once reported you will be issued with a unique reference number and be able to follow the progress of your enquiry.
