

Introduction

Spring 2022

At Citizens Advice Daventry & District, our advisers and caseworkers can give you support and advice on a wide range of issues from welfare benefits and debt advice to housing, employment, immigration and community health.

We are trained to support people with mental health conditions and/or disabilities and provide a fully accessible service to the community as a whole.

Information

The Energy Crisis

The energy price cap that is set to protect us from excessive energy costs is to rise again in April 2022. This is likely to force many people into fuel poverty. Now is the time to prepare to budget more for energy if you are not already doing so.

If you are struggling and need support, contact your energy company or Citizens Advice.

Household Support Fund

There is currently a fund to support those in financial hardship with buying food and/or putting energy on pre-payment meters. You need to show ID with proof of address to be awarded. You can apply until 31st March.

West Northamptonshire Council: 0300 126 7000

Northampton Citizens Advice: 0808 196 9443.

or you can apply online at

www.westnorthants.gov.uk/coronavirus-covid-19/household-support-fund

Personal Independence Payments (PIP)

There are significant delays in the time between applying for PIP and getting an assessment. If you need help applying or have questions about PIP, you can contact Citizens Advice.

There is a common myth about PIP that you cannot claim PIP if you are working. This is not the case - your entitlement is not based on your income like other benefits.

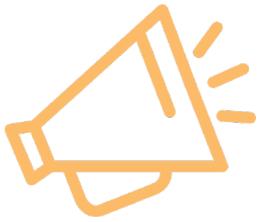

Breathing Space from your debts

Breathing Space gives people temporary protection from most types of debt collection while they take action to get on top of their debts. You can apply through a debt adviser for sixty days' Breathing Space. You must continue to engage with your debt adviser and not take out any new borrowing over £500 in this time. You'll also have to continue to make certain types of payments, including ongoing housing costs, utility bills, and taxes.

Interest and fees will be paused on debts included in Breathing Space while these conditions are met. For more information go to:
www.nationaldebtline.org/fact-sheet-library/breathing-space

Two tips to help on manage your debt

Communication is key

A lot of the time, it seems easier to ignore your debts and creditors. During this time, the debt is continuing to escalate in the background. The best thing to do is communicate with your creditors.

If you find this difficult, ask for help from friends, family or talk with us at Citizens Advice

Get Help

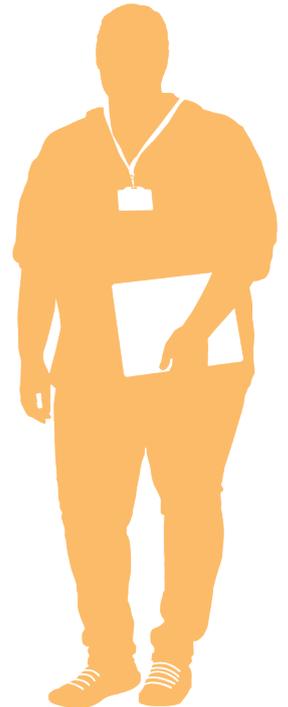

If you are finding it difficult to manage your debts or finances, trusted family and/or friends can help you. There are also local charities than can help and provide support, tailored to your own needs.

Citizens Advice in Daventry can help with all aspects of advice, including specialist debt, finance and benefits advice.
